In accordance with 37 C.F.R. § 1.321(b), Petitioner, Macronix International Co., Ltd., residing at Science-Based Industrial Park, No. 16, Li-Hsin Road, Hsinchu, Taiwan, R.O.C., represents that it is assignee of the whole and entire right, title and interest in and to the above-identified application, which is a continuation-in-part of prior U.S. Patent No. 6,690,601 (the "prior patent"). The prior patent was assigned to Petitioner by an Assignment recorded March 29, 2002, at Reel 012756, Frame 0109. The present application was assigned to Petitioner by an Assignment recorded January 14, 2004, at Reel 014895, Frame 0784. The undersigned official of Petitioner is empowered to act on behalf of Petitioner.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
